SMITHSONIAN AT YOUR FINGERTIPS

LEARN ABOUT THE SMITHSONIAN INSTITUTION'S DIGITAL EDUCATION RESOURCES

Program Description

The Smithsonian Learning Lab (https://learninglab.si.edu/) is an award-winning interactive platform that provides digital tools and resources to help educators access Smithsonian resources, customize learning experiences, and create meaningful connections to our museum artifacts from anywhere in the world. It offers free digital access to millions of Smithsonian artworks, artifacts, specimens, recordings, learning activities, and teaching materials for the PK-12 classroom from across the Smithsonian's 21 museums, education and research centers, and the National Zoo. Learn how you, too, can incorporate the Smithsonian Institution's digital educational materials in and out of the classroom to benefit your child, yourself, and your community.

WEDNESDAY SEPT 27, 2023
12:00 PM NOON

Speakers

Philippa Rappoport, Ph.D,
Lead Education and Engagement, Smithsonian Office of Educational Technology

Smithsonian

Julia Novakowski, Ph.D,
Director, Smithsonian Office of Educational Technology
